ONLINE SUMMER SCHOOL

SUSTAINABLE BUSINESS STRATEGIES

03 Jul - 17 Jul, 2023

THE IMPACT OF CLIMATE CHANGE ON
INTERNATIONAL TRADE FORCES COMPANIES TO
ADOPT SUSTAINABLE PRACTICES AS A NECESSITY
AND A DUTY TO SURVIVE IN THE MARKET

ECTS credits: 2.0

BRIEF DESCRIPTION

The Sustainable Business Strategies school provides you with a set of sustainability concepts and its indicators for effective project management, consulting services and innovative engineering solutions. To align with the Sustainable Development agenda, “business as usual” needs to integrate an ecosystem approach where natural and human worlds are closely interconnected. The new generation of leaders needs to be cross -disciplinary and broad -knowledge. You will be taught by tenured professionals in the topics from the top -notch academic universities and companies with strong practical backgrounds. After the course, you will acquire basic skills for sustainable management, entrepreneurship and innovation.

Cost: US\$550 - includes registration, teaching costs, 2.0 ECTS credits Certificate, additional Russian Language on-line course by ALAR Training Center (33h) + Certificate
