BRIEF DESCRIPTION

The Research Summer Camp in Biotechnology is held at the International Biotechnology Research Center of the Third Millennium and provides online access to cutting-edge laboratories at ITMO University.

The camp is open to those wishing to master modern research methods of food systems and approaches to optimize the quality and safety of products based on international standards. Students will be able to apply their knowledge of the latest achievements in biotechnology by creating their own high-quality and eco-friendly food products.

Who can apply?

Bachelor's students in respective fields (3rd year and above) and Master's and PhD students, working professionals

Cost:

On-line: US\$469

On-campus: US\$619

Includes tuition, registration, 2 credits ECTS Certificate, Migration support (for on-campus course), virtual Russian language course by ALAR Training Center (33h) + Certificate
